

Wychbury Medical Group's friends and family results for June 2026

As a practice we find it important to gain feedback from our service users.

After every appointment we send out a text message asking our patient's for feedback on our service, they are then directed to complete our online Friends and Family questionnaire.

Out of 765 responses in June, our findings have been:

96% rated us good or very good

2% rated us neither or didn't know

2% rated us poor or very poor

Thinking about your recent appointment. Overall, how was your experience of our service?

Some of the feedback received:

"The staff were both professional and helpful. The Doctor was patient and answered all my questions."

"All staff I encountered were lovely and I felt it was a positive experience from start to finish."

"Would have liked a bit longer slot to talk further to doctor."

We are always grateful for feedback, especially positive, and would like to thank those who completed our questionnaire and encourage people to continue to help us improve our service.
